2010 – 2013	Queen Mary, University of London , Aerospace Engineering.
2009 – 2010	Kingston University London , Foundation Year in Aerospace Engineering.
2007 – 2009	Woodhouse College , 3 A-Level in Mathematics, Physics and IT.
2001 – 2007	Swanlea School , 12 GCSEs - English, Mathematics, Science, Business, IT and Chinese.

WORK EXPERIENCE

Jul 2015 – Nov 2015	WCRS Integrated Marketing and Advertising Agency – Web Developer <ul style="list-style-type: none">- 4 month contract, working with the Apple team within WCRS.- Front-end quality control, testing, error and bug fixing under tight design specification.- Rapid familiarisation with a large, unfamiliar codebase and resource management system.- Technologies involved HTML5, CSS3, SVN and Photoshop.- Worked abroad in San Jose with Apple in early September for their iPhone 6 launch.
Jan 2015 – Nov 2015	Founders and Coders – Full Stack Freelance Web Developer <ul style="list-style-type: none">- Selected for an eight week competitive web development course.- Learned JavaScript and how to build web applications using NodeJS.- Every week was a new project and/or a new framework, to develop constant learning.- A further 8 weeks were spent working on commercial MVPs for real clients.- After graduation, I became a freelance developer working on MVPs and private projects. <ul style="list-style-type: none">• Squish - An MVP for a client who wanted an education App giving students reminders for when their notes are due to be revisited. Our team used ReactJS with flux architecture and NodeJS to create an app where students can login using Google auth and write notes stored in a NoSQL database/MongoDB. They can view their dates on the calendar, receive emails for reminders and gain/lose points as rewards.• Stockport Suicide Prevention - Our client wanted a responsive and accessible website following strict design wireframes and style guide. My team of two used Jekyll and Github pages, Flexbox, Bootstrap and prose.io for content editing. Working simultaneously as project manager, lead developer and client contact.
Jan 2014 - Present	Private tutoring - Maths and Science Tutor <ul style="list-style-type: none">- I tutor 4-5 students aged 8-16, from primary to GCSE level Maths and Science weekly.
Jul 2014 - Dec 2014	Sandwich Shop - Customer Sales <ul style="list-style-type: none">- Worked part time at a sandwich shop, serving customers, cleaning the store, handling money and taking deliveries.
Jan 2014 - Jun 2014	Takeaway - Cashier <ul style="list-style-type: none">- Worked part time at a takeaway, answering phone call orders and taking orders.
Sep 2010 - Apr 2011	University of London Officers Training Corps - Officer Cadet <ul style="list-style-type: none">- I was an army reserve at university, being paid to train and learn leadership skills.- I would partake in weekly training sessions involving fitness and weapon handling.- Every month, I would spend a weekend out for field training.

VOLUNTEERING

- Queen Mary, University of London Student Union - volunteering to help new students settle in.
